A bicycle is not comfortable in Japan.

We considered it in what has the good Comfortableness for a bicycle.

Concept

There is a word '衣食住' in Japan from ancient times.

food

clothes

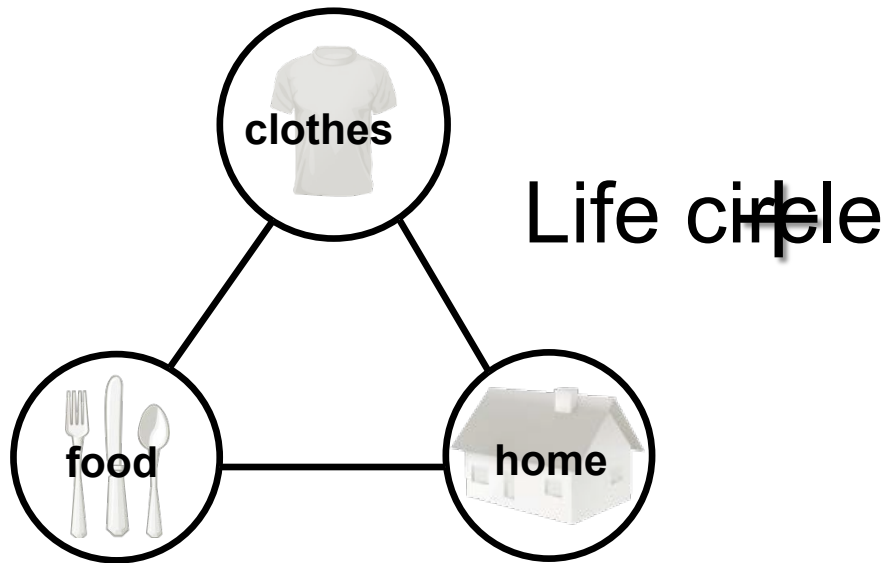

home

No these can be missed in our life.

About the theme is...

Our life

bicycle

We would like to make it the city in which  
a bicycle easily lives.

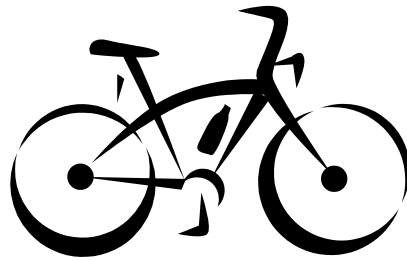

So, we proposed the construction to which a bicycle  
intervenes in a city.

For example...

In the case of a certain family.

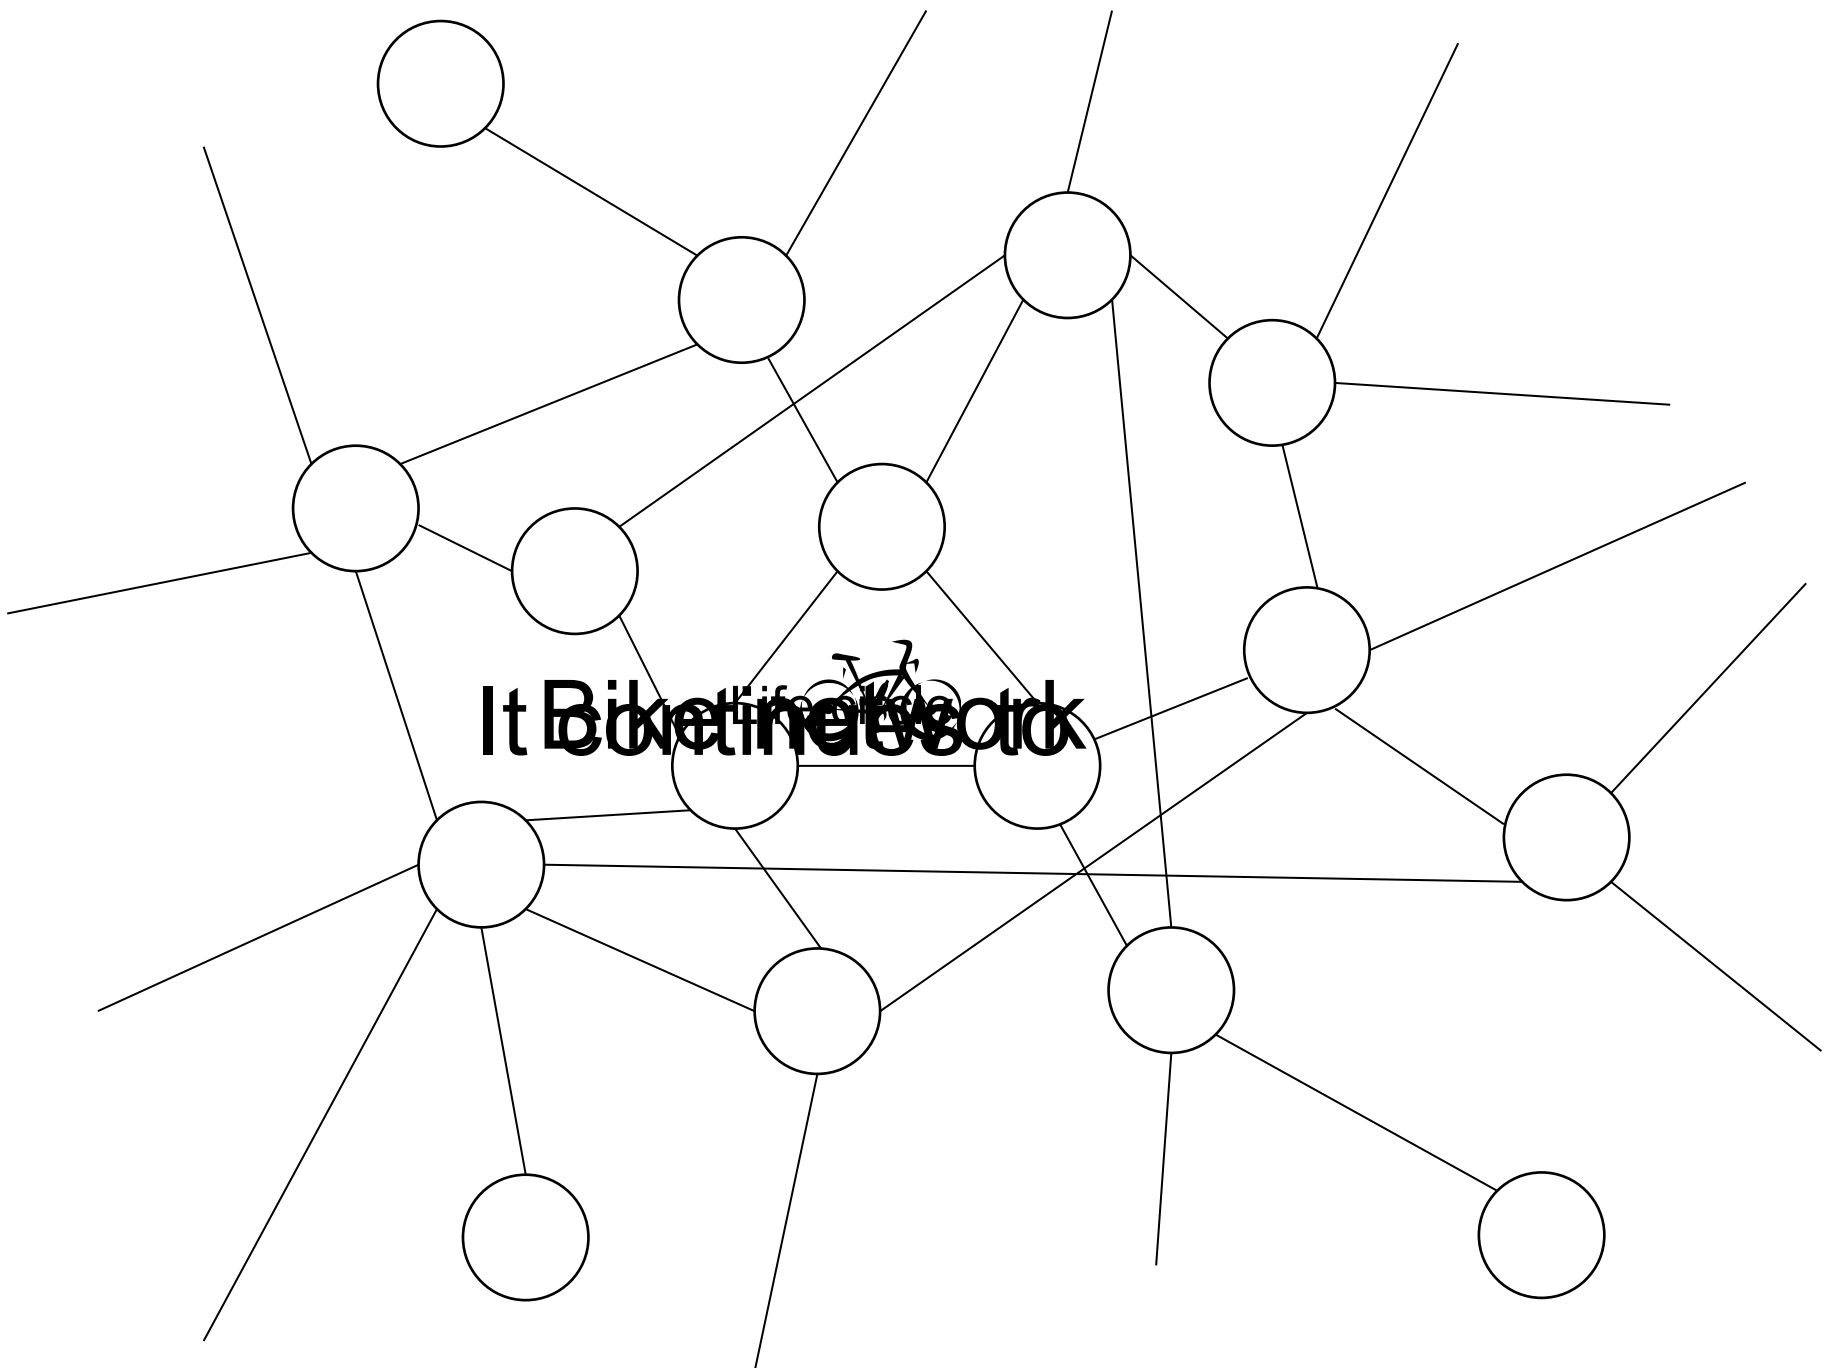

In the case of an office worker.

A bicycle brings about that it is good for a city.  
We expect that these actions.

**It's not just work**  
**It's a lifestyle**
